Es pa ña

Inspired, designed
and made in Spain

Newgarden emerged by the sea, lying on the beach, where the sun and waves were the protagonists, transmitting peace and happiness. A feeling that will fill any space and connect it with the most pleasant part of the day.

Light, colour, design and sound - a different way of seeing life with a Mediterranean touch

Newgarden Studio

The design is something complex, unique and unrepeatable, arising from an idea with a touch of heart. At Newgarden we create our designs until they become a member of our family. Each and every one of our products receives the greatest attention from our designers and engineers, making them ahead of their time, innovative and, above all, original.

Valerio Spumella

Born in Tuscany, Valerio has always been closely influenced by the Mediterranean, and that is reflected in each of his designs. He has proven to be one of the most innovative international designers. At Newgarden we have had the pleasure of collaborating with him to create unique and original products with a Mediterranean touch.

achodoso®

Difference is clearly Achodoso's key to success. Two young product design students, creating innovative and, above all, simple products. That's why at Newgarden we are delighted to have collaborated with them designing Helga.

3- MAINTENANCE AND SECURITY RECOMMENDATIONS

To ensure safe and enduring performance of our products, please read the following information:

1. Products can cause skin damage due to sun exposure (especially dark colors). Please make sure to check the temperature before using.
2. Place the piece on flat surfaces to prevent unbalanced.
3. Keep away from excessive heat sources
4. This is a decoration, not a toy. Keep away from children.
5. Always unplug before changing the light bulb.
6. Damaged cable should be replaced by the supplier or a qualified professional only.
7. If the LED lighting system does not work, contact the manufacturer for assistance.
8. Connection plugs should have the same degree of protection than outdoor luminaires.
9. Do not use in case of damaged luminaire.
10. Avoid liquid stagnation to preserve sound quality.

4- CLEANING

Newgarden products are easy to clean up. Steps to clean the piece:

1. Spray a degreaser product or detergent to clean the surface.
2. Rub with a damp cloth or water.
3. Rinse with abundant water.
